

RETIRO PARK: HISTORY & HIDDEN GEMS

Experience the magic of Madrid's most iconic landmark with our Retiro Park: History & Hidden Gems walking tour. This curated journey takes you through 125 hectares of art, history, and nature, revealing why this UNESCO World Heritage site is the true pride of the local Madrileños.

Once a private sanctuary for Spanish royalty, the park is now a vibrant cultural hub filled with architectural marvels and peaceful escapes. As we walk through its winding paths, you will discover the secrets behind its most famous sights and the stories of the kings and artists who shaped them.

What We Will Explore

- Royal Grandeur: We begin at the historic entrance near the Puerta de Alcalá, tracing the park's evolution from a 17th-century palace retreat to a public treasure.
- Iconic Landmarks: Stand before the breathtaking Alfonso XII Monument overlooking the Great Pond and admire the ethereal beauty of the Crystal Palace, a stunning glass pavilion reflected in a tranquil lake.
- Art & Nature: Stroll through the Paseo de las Estatuas, home to the stone figures of Spain's past monarchs, and visit the lush Parterre Garden, where you'll find the oldest tree in the city.
- Curiosities & Culture: Encounter the famous Fallen Angel statue—notorious for its unique subject and specific elevation—and end with a moment of reflection at the Forest of Remembrance.

This tour is more than just a sightseeing walk; it is an invitation to slow down and live the park like a local. Whether you are a history enthusiast or a nature lover, you will leave with a deep appreciation for the beauty and soul of Madrid's "green heart."
